

Dear Parents,

What God is up to at **Mission Viejo Christian School** is inspiring. In the sense that He is continuing to take us through a journey of building disciples who are world-changers is what inspires all of our dedicated, faith-filled, and loving staff.

Your children are an inspiration, too, as I see them in every classroom poised to learn, laugh, play, sing, and grow into the big people they're meant to be one day! Because of the strength of our core teachers, loving and gifted administrators, classroom specialists and elective instructors, **MVCS** continues to build depth in the educational experience for our students and their families.

We now have a **full service campus** that allows us to do extraordinary things that have me working to develop our staff, improve the communication, and utilize our fabulous volunteer parents. With a growing student body there is growing expectation for expansion of our mission, all the while holding firm to the calling God has put upon us at **MVCS**.

Our students continue to give the kind of performance that puts our **SAT/assessment scores** at the top, reflected in our increased enrollment during the past 2 years. With enlarged classrooms, the students and teaching faculty are able to make the most of our facilities by expanding the learning experience at **MVCS**.

Last year's FUN-raising exceeded expectations and have us in the position of greater investments into our classrooms and athletic programs. We have received substantial parent donations that are also a sign of God's goodness and these families' belief in the soundness of our school ministry operation. For these blessings, we are extremely grateful.

Our commitment to limiting classroom size to 25 students continues, as does our unchanging value of maintaining a Biblical component in every subject taught.

I invite you to enroll or re-enroll early this year so you can assure your student's place next year at **Mission Viejo Christian School**. We have limited enrollment available and will maintain a waiting list should the demand go beyond our new capacity. We offer so many bonuses missing from many schools: **Spanish, Sports and P.E., Art, Music, full-service Library, and Performing Arts**. These are what all children need and enjoy as they discover and develop their God-given abilities.

Re-enrollment started Thursday, January 19th.

MVCC church member enrollment is always awarded a 10% tuition discount.

NEW FAMILY enrollment began Monday, January 23rd.

Blessings,

Mike McAteer - "Mr. Mac"

Interim Principal - MVCS / Associate Pastor - MVCC
